

COOPERATION PROPOSALS

CCS PROJECTS IN EUROPE - DIALOG WITH THE DIPLOMATIC REPRESENTATIVES IN ROMANIA
= *FROM DEBATES TO ACTIONS* =

Adrian Necşulescu, Director, ENINVEST

Why?

Project
Company

Technical
Consortium

Technical
Support

- Because we need an efficient and accelerated deployment of the CCS technology in Europe and world wide
- Because cooperation is the fastest and the *most efficient way to go through the “gate of knowledge”*
- Because the cooperation provides the ideal communication platform for mutual knowledge sharing

What?

Cooperating for:

- Sharing Knowledge among the CCS projects
- Exchanging of best practices and experiences in fields like:
 - ✓ Education
 - ✓ Institutional – policies and regulations
 - ✓ Research and Development
 - ✓ Operation & Maintenance
 - ✓ CO₂ Monitoring

Project
Company

Technical
Consortium

Technical
Support

How?

- Accessing various financing sources in partnership from
 - ✓ European programs
 - ✓ Bilateral agreements
 - ✓ Multilateral agreements
- Developing cooperation networks
- Developing online knowledge sharing and communication platforms

Actions

- Identify other CCS project sponsors and stakeholders
- Initiate contacts
- Carry out knowledge sharing activities together
- Disseminate information
- Participate in public awareness campaigns carried out by other projects
