

ROTTERDAM **CLIMATE**.INITIATIVE

Ensuring CCS

Maarten de Hoog, director Port and Industry DCMR

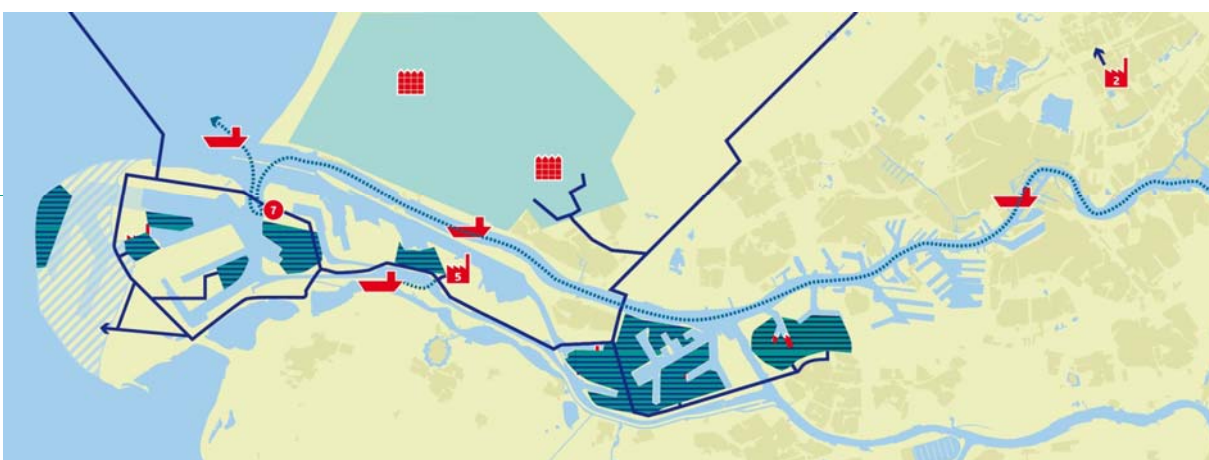

Gemeente Rotterdam

CCS in Rotterdam by 2025

17,5 Mton CO₂/a

2 E.ON-ROCA
5 Abengoa

7 CO₂ Hub
Connecting industry to CCS network

Transport by pipeline
Transport by ship
CO₂ capture
Green houses
energy intensive industry
CO₂ Hub

What we need beyond EEP and NER300

- A firm climate change policy
- Implementing CCS is best incentive for firm reduction target
- Ensuring mechanisms additional to ETS
 - Levy?
 - Best Available techniques?
 - Performance Standard Rate (PSR)?
 - National - NW-European approach?
- Masterplan for transport and storage (continental shelf)
- Public commitment through stakeholder dialogue
